Basic Information

- Place of Origin: China
- Brand Name: VOLITION
- Certification: ISO13485, FSC
- Minimum Order Quantity: 1
- Price: Negotiable
- Packaging Details: Standard Exportation Package
- Delivery Time: 7-15 work days
- Payment Terms: LC, T/T, D/P, PayPal, Western Union

Product Specification

- Contrast Ratio: 1000:1
- Type: Mobile
- Output Power: 40kw/32kw High Frequency Generator
- Resolution: Full HD (1920x1080)
- Brightness: 300 ANSI Lumens
- Sound System: Harman/Kardon Stereo Speakers
- Detector Size: 17"x17"
- Aspect Ratio: 16:9
- Highlight: **OEM veterinary xray equipment,
Radiography veterinary xray equipment,
DLP veterinary radiography equipment**

Product Description

Product Description:

The display technology used in this portable digital x ray machine is DLP. This means that it uses a digital light processing chip to create images that are bright and vibrant. With a detector size of 17"x17", you can capture detailed images that are easy to read and understand.

Connectivity is not an issue with this portable x ray machine. It comes equipped with Wi-Fi, Bluetooth, HDMI, and USB, making it easy to transfer images and data from the machine to your computer or mobile device. This makes it easy to share images with colleagues and patients, no matter where you are.

The contrast ratio of this portable digital x ray machine is an impressive 1000:1. This ensures that images are clear and easy to read, even in low light situations. This is especially important for veterinary dental x ray machine needs, where it can be difficult to capture clear images of pets' teeth and gums.

This portable x ray machine is lightweight and easy to carry, making it perfect for fieldwork or for use in smaller clinics and hospitals. With its advanced features and high-quality images, the Portable Digital X Ray Machine is a must-have for anyone in the medical field.

Features:

Product Name: Portable Digital X Ray Machine

Model: XGIMI MoGo Pro

Power Supply: 110V/220V/380V

Resolution: Full HD (1920x1080)

Brightness: 300 ANSI Lumens

Contrast Ratio: 1000:1

This Portable Digital X Ray Machine, also known as a CR X Ray Machine or Digital Radiography X Ray Machine, is a mobile xray machine that is perfect for medical professionals who need to take x-rays on the go. It has a Full HD resolution of 1920x1080, a brightness of 300 ANSI Lumens, and a contrast ratio of 1000:1. It can be powered by 110V, 220V, or 380V power supplies.

Technical Parameters:

Operating System	Android TV 9.0
Sound System	Harman/Kardon Stereo Speakers
Display Technology	DLP
Type	Mobile
Model	XGIMI MoGo Pro
Brightness	300 ANSI Lumens
Output Power	40kw/32kw High Frequency Generator
Contrast Ratio	1000:1
Connectivity	Wi-Fi, Bluetooth, HDMI, USB
Detector size	17"x17"

Applications:

The VOLITION Portable Digital X Ray Machine is perfect for a variety of occasions and scenarios. It is an ideal piece of equipment for dental clinics, hospitals, and other medical facilities where high-quality images are required. The machine can be used for a range of medical imaging applications, including panoramic radiograph machine, dental radiography, and more. Additionally, the VOLITION Portable Digital X Ray Machine is also suitable for mobile medical services, such as clinics and hospitals on wheels, where it can be easily transported to different locations.

Thanks to its connectivity options, the VOLITION Portable Digital X Ray Machine is easy to use and can be connected to a range of devices. It comes with Wi-Fi, Bluetooth, HDMI, and USB connectivity, allowing medical professionals to easily transfer images to other devices, such as laptops, tablets, or smartphones. This makes it easy to share images with colleagues and patients, no matter where they are located.

The VOLITION Portable Digital X Ray Machine is designed to be user-friendly, with a large screen size of 30-100 inches and a brightness of 300 ANSI Lumens, making it easy to view images in various lighting conditions. The machine also comes with a power supply of 110V/220V/380V, making it suitable for use in different countries and regions.

Customization:

Packing and Shipping:

Product Packaging:

The Portable Digital X Ray Machine will be securely packaged to ensure it arrives to you in perfect condition. The packaging will include:

Portable Digital X Ray Machine

Power cord

Rechargeable battery

User manual

Shipping:

Once your order is placed, our team will process it within 24 hours. The Portable Digital X Ray Machine will be shipped via a reputable courier service, and you will receive a tracking number to monitor your package's progress. Shipping times may vary depending on your location.
